IFLAPARL is the Library and Research Services for Parliaments Section of IFLA. It brings together professionals in over 80 parliamentary libraries and research services at supranational, national and subnational levels in more than 50 countries.

### Purpose of the Section:

- (i) To increase the effectiveness of parliamentary libraries and research services.

## Work of the Section:

IFLAPARL aims to meet its objectives through the following activities.

- Sharing experiences and new developments through its annual conference as well as its session at the World Library and Information Congress (WLIC), along with its biannual newsletter. IFLAPARL collaborates with other IFLA Sections (such as Government and Law Libraries, ICT, Knowledge Management, Continuous Learning) on areas of shared interest and benefit. Information is shared with the wider membership through the Section's web pages, email list and social media.
- Publishing guidance on establishing and providing library and research services for Parliaments, drawing on the experience of Section members and working with other relevant bodies such as the IPU. Topics currently covered include legislative libraries, research services, ICT and social media.
- Capacity building for staff involved in the development of parliamentary library and research services, often in conjunction with other organisations such as the IPU, Westminster Foundation for Democracy and others. This may be through specialist training workshops, obtaining sponsorship for delegates to attend the conference and WLIC, or in supporting country-specific development projects.
- Strengthening the cooperation between the Inter-Parliamentary Union (IPU) and parliamentary libraries and research services, and exploring possibilities for joint programmes and activities
- Encouraging the establishment of regional groups of parliamentary libraries like the European Centre for Parliamentary Research and Documentation (ECPRD).

## Draft Action Plan for 2018/19:

	<b>Intended outcomes:</b>	<ul style="list-style-type: none"> <li>Provides an opportunity for wider membership to learn about latest projects and topics of interest within Section. <i>(This is important since most members face similar challenges so new ideas can often be adapted and applied locally.)</i></li> <li>Provides formal &amp; informal networking opportunities for attendees, creates links across the community, and allows discussion of local issues/problems and sharing of experience. These discussions can then continue beyond the pre-conference/WLIC. <i>(Parliamentary library &amp; research services may not have many local institutions with which they can discuss issues or call on for assistance or guidance. Establishing bilateral and regional contacts with other parliaments can be very beneficial, particularly for small or developing services.)</i></li> <li>Collaborating with other sections for joint sessions provides a more rounded view of a topic from the perspectives of different stakeholders with a broader range of experience and expertise. <i>(For example, the annual Knowledge Café with the KM and CPDWL Sections allows members to benefit from the experience, techniques and strategies used across a diverse range of libraries, which they can take back to their own workplace.)</i></li> </ul>					
	<b>5.3 Improve communication within IFLAPARL community</b>	<p>Work with IFLA HQ on the migration of content to the new website.</p> <p>Trial new communications template provided by IFLA HQ.</p> <p>Look to make better use of the website, with greater integration with other communications channels (e.g. email, social media, etc) and content (e.g. newsletter &amp;</p>	<p>Officers to liaise with IFLA HQ – timing will depend on rollout plans.</p> <p>Officers to trial template during first half of 2019, in run up to pre-conference</p> <p>SC to review current communications and develop a new communications plan for the section by August 2019.</p> <p>Develop guidelines for use of section’s twitter account.</p>	N/A	SC via Basecamp, Membership initially through email but diversifying into other channels	<p>New communications plan for section</p> <p>Publish guidelines for use of IFLAPARL twitter account (&amp; other social media)</p> <p>More user-generated content on website, in newsletter and on social media</p> <p>Broader involvement in section projects</p>

		conference papers/ presentations)				and activities than at present and at an earlier stage	
		More frequent communication with membership to encourage broader participation in section activities	Officers and SC to make more frequent and structured use of listserv and social media to promote discussion amongst membership – through first half of 2019				
		<b>Intended outcomes:</b>	<ul style="list-style-type: none"> <li>• Greater awareness amongst membership of activities and developments in other legislatures; greater awareness amongst others of IFLAPARL activities.</li> <li>• Communications from the Section follows IFLA standards and best practice.</li> <li>• Greater involvement of membership in IFLAPARL activities through better real-time communications; members feel more connected to and involved with the section.</li> </ul>				
	<b>5.4</b> Explore the use of web-based training platforms & tools	Set up Zoom meeting for SC as a trial as part of pre-conference planning	Chair/Secretary to arrange, SC to participate – by May 2019	No – will just book slot with IFLA to use Zoom	SC to participate as a trial	Feedback from SC	
		Investigate use of webinar & other social media tools to provide training, particularly targeting young professionals (c/f from 2017/18)	By June 2018, test the use of webinar services to deliver training (SC)	Not at feasibility stage	SC via Basecamp	Short list of potential applications that can be used for online training	

Objectives <i>What do you want to achieve?</i>	Project or activity <i>What are you going to do?</i>	Main tasks <i>What are the specific things you need to do?</i>	Responsibilities and timeline <i>Who will do them and by when?</i>	Resources <i>Do you need specific skills, money or IT?</i>	Communications <i>How will you communicate? To whom? By when?</i>	Success measures <i>How will you show impact?</i>	Progress <i>Report briefly on progress</i>
	<b>Intended outcomes:</b>	<ul style="list-style-type: none"> <li>Identify means of teleconferencing for Standing Committee between Pre-Conferences/WLICs. <i>(Basecamp is good for project-related work or for developing and monitoring progress with action plans but there is a need for a virtual equivalent to face-to-face meetings for subjects that benefit from open discussion. Divisional Zoom conference calls have demonstrated value of this and would like to be able to apply to our Standing Committee.)</i></li> <li>Our services have a lot of similarities and collaboratively produced guidelines have proved an effective tool but take time and resources to put together. We suspect there could be great value in sharing shorter, more focussed learning sessions, webinars, etc., on specific subjects as these should be relatively quick and easy to put together. <i>This has the potential to create a library of video clips/webinars on a range of subjects that could be shared and re-used across different parliamentary library &amp; research. This could be of benefit to developing parliaments or in supporting young professionals.)</i></li> </ul>					
	<b>5.5 Trial Commons Library Open Day as a template that could be used by other IFLAPARL members</b>	Organise and stage House of Commons Library Open Day in February 2019, filming/recording sessions, with an emphasis on young professionals.  Write report (with link to session recordings) for review by SC, with a view to developing a template for such events elsewhere	Chair to liaise with Commons Library Head of Profession in planning event (through to February 2019)  Chair to write/submit report by June 2019; SC to review feasibility of developing a template by August 2019	Event resourced by Commons Library  Not at feasibility stage	SC via Basecamp	Feedback from Commons Library event  SC review of feasibility of reusing similar model  Template produced for staging similar events	

Objectives <i>What do you want to achieve?</i>	Project or activity <i>What are you going to do?</i>	Main tasks <i>What are the specific things you need to do?</i>	Responsibilities and timeline <i>Who will do them and by when?</i>	Resources <i>Do you need specific skills, money or IT?</i>	Communications <i>How will you communicate? To whom? By when?</i>	Success measures <i>How will you show impact?</i>	Progress <i>Report briefly on progress</i>
	<b>Intended outcomes:</b>	<ul style="list-style-type: none"> <li>To see whether a form of 'Open Day' currently in use by one member as a means of informing young professionals about the nature of the work we do could be turned into a transferable template that could be used across IFLAPARL institutions as a means of raising awareness of our work and its significance in the democratic process.</li> </ul>					
<b>6. To develop and promote standards and best practice in providing information and knowledge to parliaments.</b>	<b>6.1</b> Update the Section's publication <i>Guidelines for Legislative Libraries</i>	<p>Set up working group to carry out work.</p> <p>Review existing content, changes required &amp; allocate sections to authors</p> <p>Complete 1<sup>st</sup> draft of revised sections for review by August 2019</p> <p>Final stages of drafting, review, proofing &amp; production by August 2020</p>	Chair to contact potential working group members – membership to be agreed by January 2018.	<p>None required during drafting.</p> <p>Will need design skills for publication in 2020 (assumption it will be a digital publication)</p> <p>Will look for sponsorship for translation into other languages.</p>	<p>Will be managed as a Basecamp project.</p> <p>Publication will be through IFLAPARL webpages.</p> <p>Communication with potential sponsors will be by email (ongoing).</p>	<p>Working group appointed.</p> <p>Publication of revised edition.</p> <p>Feedback from membership on usefulness of final publication.</p>	
	<b>Intended outcomes:</b>	<ul style="list-style-type: none"> <li>Updated guidance, based on the latest best practice across IFLAPARL members, that can be used by all developing parliaments. (<i>Lillian Gassie gave a presentation at the 2018 WLIC on her survey of IFLAPARL members about how they used the various published guidelines, demonstrating that these still very much have a value as a 'how to' guide and baseline for setting up and running parliamentary services.</i>)</li> </ul>					

Objectives <i>What do you want to achieve?</i>	Project or activity <i>What are you going to do?</i>	Main tasks <i>What are the specific things you need to do?</i>	Responsibilities and timeline <i>Who will do them and by when?</i>	Resources <i>Do you need specific skills, money or IT?</i>	Communications <i>How will you communicate? To whom? By when?</i>	Success measures <i>How will you show impact?</i>	Progress <i>Report briefly on progress</i>
	<b>6.2</b> Complete work on ethics checklists for parliamentary libraries & research services	<p>Review completed checklists submitted at 2017 Pre-Conferences &amp; produce revised checklists based on feedback</p> <p>Publish revised checklists with accompanying guidance on how they can be used by August 2019 and launch at IFLAPARL Pre-Conference in Athens</p>	IW to lead with support from SC.	N/A	<p>Publish analysis &amp; revised checklists on Basecamp for review by IFLAPARL SC</p> <p>Checklists &amp; guidance will be made available on IFLAPARL web pages; news will be circulated to Section members via listserv</p>	<p>Set of checklists &amp; guidance agreed by SC and published.</p> <p>Feedback from membership on usefulness &amp; applicability.</p>	
	<b>Intended outcomes:</b>	<ul style="list-style-type: none"> <li>Provide a set of checklists, based on best practice amongst members, in an area which is becoming increasingly challenging but where is little guidance. <i>(This is an example of IFLAPARL responding to issues being raised by its members. It's an area which can be contentious for an individual service to address on its own, but where it can benefit from the pooled experience of IFLAPARL as a whole.)</i></li> </ul>					

## Resource requirements
